FEMALE GENITAL MUTILATED SYMPTOMS GONE

I was mutilated when i was a kid. That is cruel culture practice in our tribe. It has affected me till date at age 30. I suffered itchy vaginal discharges that is smelly. I visited several gynecologists if they could help but not proved well health-wise. I talked it over with Dr. Terkper and Ruddy during their medical outreach project and they instantly diluted Bionaid with water for me to take and after that they soaked Bionaid in ball of cotton for me to insert into my vagina. Lo and behold after 10 minutes no itches in my vagina. Upon taking Bionaid as directed for 7 days all problem is solved.

STUFFY NOSE CLEARED

I had stuffy nose full of mucus. My friends tell me is due to phlem in my body system. I would not like to go see medical doctor because i do not trust them with their western medical manipulation by W.H.O and I.M.F but i trust my traditional herbal native doctor. I did several herbal stuffs just to be free of stuffy nose so that I can breath well through my nose but it was not possible. I thought I might die. My next door neighbor who happened to be P.L.W.A (People Living With Aids) game me a gallon filled with water with Bionaid in my presence and she told me to take 1 glass of diluted Bionaid 3X daily then put 2 drops of same stuff into my nose till I'm okay. Just after 3 days i am free from snuffy nose and now breath through my nose.
